BCDEM SEEKS EMERGENCY WATER LOCATIONS WITHIN BACA COUNTY

(SPRINGFIELD, COLORADO) The Baca County Division of Emergency Management (BCDEM) is asking for help in locating water well and water storage locations within Baca County that could be available to assist fire departments in putting out a fire.

By pre-locating water wells that are capable of being used by the fire departments, they will know where to go if a water tender is unavailable. If you would like to assist the Division of Emergency Management by offering your well or water storage facility for use by the local fire departments during an emergency, you can email riley.frazee@seregion.com with the location of the available water, as well as contact information for the owner of the well. You can also call 719-523-6796.

If you would like more information about emergency and disaster services, stop by the BCDEM office, located at 29400 US Hwy 287 just ¼ of a mile North of Springfield, or visit www.bacadem.com. You can also find additional information at these web sites:

- SERegion.com
- ReadyColorado.com
- Ready.gov

General information about emergency services is available from the Baca County Division of Emergency Management, 719-523-6796. For immediate emergencies, dial 911.
